Personnel Steel Doorsets

SINGLE, LEAF & HALF AND DOUBLE PERSONNEL STEEL DOORSETS

MADE TO MEASURE IN 5 WORKING DAYS*

PRODUCT DESCRIPTION:

General purpose steel doors for standard security personnel applications, custom made to suit existing structural openings, all doors are designed on a CAD / CAM system and manufactured with CNC punching and pressing facilities to guarantee quality and long product life.

DOOR FRAMES:

Manufactured from 1.5mm or 2.0mm Zintec steel, formed to create a single rebate profile frame (double rebate option available on request), reinforced and fitted with adjustable wind out fixing points, we also offer an expanding channel frame which can aid fitting into uneven openings.

DOOR LEAVES:

Manufactured from 1.2mm, 1.5mm or 2.0mm Zintec steel, double skinned and tray formed to create a 45mm thick door leaf, Internally the door leaves are filled with a dufaylite / honeycomb core or an insulated mineral wool core. door leaves are fitted with an external security anti jemmy lip to the lock side and integral security dog bolts to the hinged side.

FURNITURE:

All of our personnel doorsets come as standard with a sashlock, 2No lever handles and double euro profile cylinder, leaf & half / double doorsets come with top and bottom bolts (concealed or face fixed). Additional locks can also be added to single and double doors to increase security. Please note any type of lock can be fitted to this type of doorset.

HINGES:

As standard doors are supplied with a minimum of 3 stainless steel ball bearing butt hinges, dependant on leaf size and weight, doorsets can also be fitted with a continuous butt hinge.

CILL:

All doorsets come as standard with a DDA Compliant threshold, other threshold options are available including no threshold.
